

Suspension-system Quadro 50

Type: Tube rotation joint

Material-No.: 147.040.000

Material system elements	GGG-40 (DIN 1693)		Pivoting range	325°
Gasket	Chloroprene (CR), black		Weight	6,650 kg
Assembly screws	14x M12, galvanized steel		Coating	Powder coating RAL 7040, window grey
Ingress protection	IP54 EN 60529		Tolerance	GTA 14/5 DIN 1688-3 (outside dimensions ±0,8mm)

147.040.000 Tube rotation joint

Product overview

Material	Spheroidal graphite
Protection Class	IP 54/EN 60529
Color	RAL 7040
Weight (g)	6650 g

QUADRO 50

THE STABLE SUPPORT ARM SYSTEM

The most important product features:

- Profile cross-sections: Square 50 mm
- System parts material: diecast aluminium/spheroidal graphite iron, powder coating, RAL 7040
- Suspension profile material: drawn steel, powder coating, RAL 7035
- Various connections available
- Adaptation from square tube to round tube Ø48 possible
- Can be used with all ROLEC command enclosures
- Possible to route connectors such as HDMI, DVI, network adapters, etc.
- Gasket: chloroprene (CR)

QUADRO 50 gets its name from the 50 mm square steel profiles which form the basis of the system. Connection joints and couplings are made of high load spheroidal graphite which provides a higher than average bearing strength. The overall static equilibrium of the system is extremely high due to its use of steel profiles.

QUADRO can be assembled quickly and easily at the point of use, thanks to its sophisticated technology. The articulated parts are equipped with a swivel limiter. A control lamp adapter and a QUADRO 50/taraPLUS elbow for connection to the taraPLUS system complete the range. Compatible command enclosures include **commandCASE** **aluFACE** and **profiPANEL**.

Principle

Closed system with easy access to system parts for medium and heavy loads

Additional info

Simple alignment of the system

Heavy-duty system parts made from spheroidal graphite

Signal light adapter available for the elbow

Transition from QUADRO 50 to taraPLUS around 48mm possible with special elbow

Compatible ROLEC control enclosures: **commandCASE**, **aluFACE**, **profiPANEL**

Material/coating

System elements: Aluminium and high-tensile spheroidal graphite

Powder coating RAL 7040, window grey

Optional: Special colours

Supportprofile: Steel, drawn

Powder coating RAL 7035, light grey

Optional: Special colours

Bellows: PVC, RAL 7035, light grey

Cable routing

Suitable for HDMI, patch cables, USB etc., not suitable for DVI plugs

Ingress protection

IP 54 / EN 60529

Torque for cutting ring screws

30 Nm = 3 kg/m

Full-Service-Products

Customization according to your wishes.

Our *passion* is enclosures.

Expert advice

Everything begins with individual advice. We'll be pleased to support you with your project and find solutions for every requirement. Customer-specific solutions are our speciality.

Sample service

Test our products with your internal mounting. We'll be pleased to send you a sample enclosure for inspection with no strings attached.

Drilling

We'll manufacture every enclosure for you according to your exact specifications – whether they involve precise drilling or large tolerance.

Milling

Thanks to our modern CNC production, we can quickly and efficiently mill custom-fit cut-outs and contours to match your exact specifications.

Engraving

Our services also include engraving your logo and other elements, which we can of course perform in any colour you desire.

Lasering

We can process stainless steel enclosures and plates quickly and reliably according to your individual requirements thanks to our in-house lasering centre.

Powder coating

We can powder coat enclosures, command enclosures and suspension systems in any RAL colour you desire. Custom colours are of course also possible.

Painting

We can also paint all our enclosures in any RAL colour you desire. The application of primer and special colour structures are possible, as well.

Serigraphy

If desired, we can apply your logo and lettering or other markings using serigraphy printing.

Digital printing

Digital printing is particularly worthwhile for low-volume orders and for realising complex patterns or images.

EMC enclosures

We offer our conFORM low-price standard EMC enclosure to protect your internal mounting against electromagnetic radiation. On request, we can also supply an EMC-compliant version of any other ROLEC enclosure.

Displays

We are able to offer the right made-to-measure display for all our enclosures – in varying sizes and degrees of robustness depending on the application.

Accessories

ROLEC's portfolio also includes matching front plates, mounting plate, supporting rails and terminal blocks as well as a range of cable glands, blanking plugs etc.

Assembly

Would you like to have all your components supplied already assembled? No problem. Our assembly team will be pleased to perform all assembly work on your behalf.

Our Service

If you have any requirements for services not listed here, please ask us. Customer-specific solutions are our speciality. We also are keen to take on unusual tasks.

We will help you with those challenges that many others would give up on.
